HR 4545

I have brought this bill to the attention of the Chief of Logistics. He asked me to inform you that transfer of functions with respect to supply, production, purchasing, procurement, warehousing and distribution to the Central Purchasing Agency, as provided in the bill, would be utterly unworkable in the base of the large amount of specialized and highly sensitive procurement by this Agency. He will be glad to furnish any necessary information which should be brought to the attention of the committee considering this bill.
